Item 4: Advisory Business

A. Description of Firm

Double Eagle Partners, LLC, ("Double Eagle Partners" or the "Firm") is a Matthews, NC -based investment management firm founded in 2022. Double Eagle Partners provides customized investment management services to individuals, high net worth clients, trusts, estates, small businesses, charitable organizations, and pension/profit sharing plans. As discussed more fully below, Double Eagle Partners assists clients in investment management determination of financial objectives, identification of financial problems, cash flow management, tax planning, insurance review, education funding, retirement planning, and estate planning. Some of the investment instruments Double Eagle Partners advises its clientele on include, among other things, mutual funds, exchange traded funds ("ETFs"), equities, bonds, treasuries, options and/or limited partnership interests. Additionally, some of the mutual funds, ETFs or limited partnership interests the Firm recommends to clients may invest in commodities and/or real estate.

Double Eagle Partners is currently registered with the State of North Carolina as a limited liability company. The Firm conducts business primarily in North Carolina. Double Eagle Partners is 100% owned by Francis J. Claire.

B. Types of Advisory Services Offered

Double Eagle Partners provides Investment Management Services.

1. Investment Management Services

Double Eagle Partners offers clients Investment Management Services that encompass the traditional asset classes of fixed income, domestic equities and foreign securities, but can also include alternative asset classes as well. The Firm will generally manage a client's investment portfolio on a discretionary basis and may assist the client in the establishment of the necessary custodial account(s). When exercising its discretionary authority, Double Eagle Partners will make appropriate "buy, sell, hold" decisions as it believes they are needed using the Firm's asset allocation methodology. Through the use of an asset allocation approach, the Firm provides Investment Management Services based on a personalized understanding of each client's independent investment objectives.

The Firm's Investment Management Services typically begin through the gathering of information vis-à-vis a new Investment Policy Statement, or other similar documentation process. Based upon this information, the Firm selects the appropriate allocation for the client's assets.

The Firm employs a defined process for each step in the investment management cycle including goal setting and risk/return profiling, asset allocation modeling, investment selection and implementation, and ongoing monitoring and reporting. This approach helps to provide a robust

process to provide long-term investment solutions. Depending upon the strategy selected by the Firm and the client, Double Eagle Partners may invest client assets in various sectors and securities, including but not limited to: mutual funds, ETFs, stocks, bonds, treasuries, private funds and/or real estate investment trusts ("REITs"). Please refer to Item 8 for more information on Double Eagle Partners' investment strategies, methods of analysis and their associated risks of loss.

The Firm has a special fee schedule just for young doctors as they begin their healthcare careers. This program helps new physicians to begin saving and investing earlier in their careers by offering a discounted investment management fee while they are just beginning their residencies programs. For more information on the Firm's fees for these services please refer to Item 5.

As noted above, Double Eagle Partners generally manages client assets on a fully discretionary basis. In exercising full discretionary authority, Double Eagle Partners selects, without first obtaining client's permission, (1) the securities to be bought and sold; and (2) the amounts of securities to be transacted and whether it will be individually or block traded. Double Eagle Partners' discretionary authority may be subject to conditions imposed by a client. This may occur when a client restricts or prohibits transactions in a security for a specific company or for an industry sector, or requests that the Firm place trades with a specific broker-dealer (aka "directed brokerage"). For more information on the Firm's discretionary authority and brokerage practices please refer to Items 12 and 16.

Clients are allowed to impose reasonable restrictions on the types of securities, sectors and/or industries they do not want to be included in their portfolio. Such restrictions must be communicated to the Firm in advance and documented in writing. Once this information is gathered initially, each client is responsible for informing Double Eagle Partners in writing of any changes to these restrictions or to their overall investment objectives. The Firm does not assume any responsibility for the accuracy of the information provided directly by its clients or the failure of clients to inform the Firm of changes to their investment or financial objectives.

2. Educational Seminars

From time to time, Double Eagle Partners offers educational workshops to clients and their guests.

C. General Information About Double Eagle Partners' Advisory Services

1. Gathering Individual Client Information

As explained above, Investment Management Services provided by Double Eagle Partners are customizable based upon the individual needs, objectives, and other financial goals of the client. Early on in the relationship, Double Eagle Partners will typically memorialize each client's investment objectives, risk tolerance, time horizons and other important and necessary information, including any investment guidelines, in the client's Investment Policy Statement. This information, together with any other information relating to the client's overall financial

circumstances, will be used by the Firm to determine the most appropriate asset allocation and investment strategy to best meet the client's financial goals. There may be times when certain restrictions are placed by a client which prevent the Firm from accepting or continuing to service the client's account. Double Eagle Partners reserves the right to not accept and/or terminate a client's account if it feels that the client-imposed restrictions would limit or prevent it from meeting and/or maintaining its objectives.

Double Eagle Partners will not assume any responsibility for the accuracy of the information provided by the client. The Firm is not obligated to verify any information received from the client or from the client's other professionals (*e.g.*, attorney, accountant, etc.) and is expressly authorized to rely on such information. Under all circumstances, clients are responsible for promptly notifying the Firm in writing of any material changes to the client's financial situation, investment objectives, time horizon, or risk tolerance. In the event that a client notifies the Firm of changes in the client's financial circumstances, Double Eagle Partners will review such changes and may recommend revisions to the client's portfolio.

2. Advisory Agreements

Prior to engaging Double Eagle Partners to provide investment advisory services, the client will be required to enter into a written agreement ("Client Agreement") with the Firm setting forth the fees to be charged and the terms and conditions under which it will render its services. Double Eagle Partners will provide a Brochure and one or more Brochure Supplements to each client or prospective client prior to or contemporaneously with the execution of a Client Agreement. The advisory relationship will continue until terminated by the client or Double Eagle Partners in accordance with the provisions of the Client Agreement.

D. Wrap-Fee Programs

Double Eagle Partners does not provide portfolio management services to any wrap fee programs, as that term is defined the instructions to Form ADV Part 2.

E. Assets Under Management

As of July 2025, the following represents the amount of client assets under management by Double Eagle Partners on a discretionary and non-discretionary basis:

Type of Account	Assets Under Management ("AUM")
Discretionary	\$ 26,133,123
Non-Discretionary	\$0
Total:	\$ 26,133,123

ITEM 5: FEES AND COMPENSATION

A. Advisory Fees

Prior to engaging Double Eagle Partners to provide advisory services, the client will be required to enter into a written Client Agreement with the Firm setting forth the terms and conditions and the fees under which it will render its services. Fees are subject to negotiation under certain circumstances as agreed on by the Firm and the client. The following schedule of fees outlines the typical fee structure under which Double Eagle Partners renders its services. The actual schedule of fees, as it applies to a particular client, will be clearly outlined in the Client Agreement.

1. Fees for Investment Management Services

Double Eagle Partners charges fees for Investment Management Services in one of two ways:

- a. Flat Quarterly Retainer: Flat Quarterly Retainer: Should a client prefer to pay Retainer Fees, this can be negotiable on a client-by-client basis to be determined and agreed to at the time of signing the Investment Advisory Agreement. The Flat Quarterly Retainer is billed quarterly in advance. Should a client relationship be terminated during that quarter, a pro-rata refund of the retainer for the remaining days in the quarter shall be issued. Retainer Fees can range from a minimum of \$125 per quarter, up to \$5000 per quarter. The amount will be mutually agreed upon based on the value of assets under management as well as the complexity of the asset allocations for the account relationship.
- b. Percentage of Managed Assets: Percentage of Managed Assets: Clients pay an annualized monthly advisory fee ("AUM Fee") in arrears based on the fair market value of the assets under management (or as reasonably determined in good faith by Double Eagle Partners) as of the close of business on the last business day of the preceding calendar month. The per annum AUM Fee is calculated according to the below fee schedule:

Assets Under Management	Advisory Fee (% AUM)
Up to \$5,000,000	1.0%, plus
Between \$5,000,000 and \$10,000,000	0.75%, plus
Above \$10,000,000	0.60%, plus
In excess of \$25,000,000	0.40%

2. Educational Seminars

No fees are charged for educational seminars.

Double Eagle Partners offers a special fee program for early career physicians. For clients who qualify to participate in the Early Career Physician Program, a minimal Investment Management Fee of just 0.50% of AUM will be assessed with a maximum annual fee of \$500. The Early Career Physician Minimum Fee will continue until the value of client's assets under management exceeds \$100,000, after which the normal Wealth Management Client's AUM Fee will apply.

Minimum fee — There is no minimum monthly fee for our services.

Investment Management Services fees are billed monthly and are prorated based on the number of days that an account is open during the initial month. The Firm can negotiate, reduce or waive entirely its Investment Management Fee for client accounts, at the Firm's sole discretion. The management fee based on AUM is subject to negotiation by either party and finalized in the client agreement.

B. Billing Method

Clients are invoiced monthly (in arrears) and Double Eagle Partners expects payment in full by the 15th of the month, to be paid by only by check or ACH, or can be directly debited by the custodian from the client's investment account(s) upon agreement.

C. Other Fees and Expenses

Clients should be aware that they will be responsible for all fees imposed by the custodian for trading and other related costs, which can include but not be limited to brokerage commissions, transaction costs, custodian fees, transfer fees, redemption fees on short-term investments, cashiering fees and/or taxes or penalties levied by governmental authorities.

In addition, Double Eagle Partners invests in open-end mutual funds and exchange traded funds in client portfolios. These funds charge fees to their shareholders, which are described in their respective prospectus and usually include a management fee, administrative and operations fees, and certain distribution fees (e.g., 12b-1 fees). These fees are generally referred to as a fund's "expense ratio" and the fees are deducted at the mutual fund level when calculating the fund's net asset value ("NAV") and have a direct bearing on the fund's performance. Certain mutual funds also charge an up-front or back-end sales charge and and/or redemption fees. In addition, some open-end mutual funds offer different share classes of the same fund, and one share-class can have a higher expense ratio and sales/redemption fees than another share class. The most economical share class will depend on certain factors, including the amount of time the shares are held by a client and the amount a client will be investing. Mutual fund expense ratios and sales/redemption fees vary by fund, so it is important for clients to read the mutual fund prospectus to fully understand all the fees charged.

Double Eagle Partners strives to purchase, when available, the lowest cost mutual fund share class for clients. However, there have been times in the past, and can be in the future, when Double Eagle Partners does not have access to lower costs share classes. This mainly happens

when the client's custodian does not offer a lower cost share class for some or all of the mutual funds bought for and/or held in clients' accounts, or the investment amount does not meet the share class minimum investment requirement.

Transaction fees also play an important role in the overall costs when investing in mutual funds. For example, some broker-dealers will not charge a transaction-based fee on a mutual fund trade but will charge a flat "penalty" fee if the shares are sold within a short-term time period.

Other fees a client can incur include, but are not limited to, custodian fees, brokerage commissions, transaction fees, sub-advisor fees, cashiering fees and/or taxes/penalties levied by governmental authorities. Double Eagle Partners does not receive any portion of these fees or expenses and seeks to negotiate and minimize these fees wherever possible. When managing clients' assets, we take into consideration the overall costs to a client, and we strive to make transaction decisions that are the most economical for a client based on the then prevailing facts and circumstances.

However, in some situations such as with unexpected cash needs or avoiding capital gain distributions, fees such as short-term redemption fees can be incurred. In these situations, Double Eagle Partners will endeavor to only incur these fees when it is determined to be in the client's best interest.

All fees paid to Double Eagle Partners for its services are separate and distinct from the fees and expenses outlined above.

Importantly, all the fees charged to a client's account lowers the overall performance of the account. Therefore, clients should review all applicable direct and indirect fees charged, including but not limited to custodian fees, transaction fees, fees associated with investments (e.g., mutual funds and ETFs), and advisory fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

D. Termination of Services

Clients who pay fees in advance will receive a refund for unearned fees upon termination. Either the client or Double Eagle Partners may terminate the Firm's services without penalty at any time. The Firm determines the amount to be refunded to the client, if any, by subtracting its fees earned as of the time of termination from any amounts collected in advance as of the time of termination.

E. No Compensation For Sale of Securities

Double Eagle Partners does not accept compensation for the sale of securities or other investment products.

ITEM 6: PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Double Eagle Partners does not charge performance-based fees (*i.e.*, fees calculated based on a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client). Consequently, Double Eagle Partners does not engage in side-by-side management of accounts that are charged a performance-based fee with accounts that are charged another type of fee (such as fees based on the client's assets under management).

ITEM 7: TYPES OF CLIENTS

Double Eagle Partners provides advisory services primarily to individuals and high net worth individuals, as well as to families, trusts, estates, pension and profit-sharing plans, charitable organizations, and other business entities.

The minimum account size for Investment Management Services is generally \$1,000,000. However, Double Eagle Partners may accept smaller portfolios or maintain portfolios whose value has fallen below \$1,000,000 at the Firm's discretion.

ITEM 8: METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

A. Methods of Analysis

In formulating investment advice and managing assets, Double Eagle Partners analyzes economic factors such as the supply of money, various interest rates, and commodity prices to help forecast the future economic environment. This in turn guides the Firm's asset allocation decisions and the selection of investments suitable for particular investment portfolios. Political factors are considered in those areas that impact the overall economic environment. Client should be aware that investing in securities involves risk of loss that they should be prepared to bear.

B. Investment Strategies

The primary investment strategy used to implement any investment advice given to clients is asset allocation. Based on the Firm's economic forecast and client-driven factors such as desired rate of return, aversion to risk, investment time horizon, tax consequences, and other constraints, investments are diversified across different asset classes and investment styles.

C. Risk of Loss

Investing in securities involves a significant risk of loss, and all investments have certain risks that are borne by the investor. Double Eagle Partners' methods of analysis and investment strategies aim to keep the risk of loss in mind.

Some of risks of loss a client should be aware of include, but are not limited, to the following:

1. Interest-Rate Risk: Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less

attractive, causing their market values to decline.

2. Market Risk: The price of a stock, bond, mutual fund or other security may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances.
3. Inflation Risk: When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.
4. Currency Risk: Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
5. Political and Legislative Risks: Companies face a complex set of laws and circumstances in each country in which they operate. The political and legal environment can change rapidly and without warning, with significant impact, especially for companies operating outside of the United States.
6. Reinvestment Risk: This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e., interest rate). This primarily relates to fixed income securities.
7. Business Risk: These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
8. Liquidity Risk: Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
9. Financial Risk: Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

ITEM 9: DISCIPLINARY INFORMATION

Registered investment advisers such as Double Eagle Partners are required to disclose all material facts regarding any legal or disciplinary event that would be material to a client's or prospective client's evaluation of the Firm or the integrity of its management. Double Eagle Partners has not been subject to any such legal or disciplinary event, and thus has no information to disclose with respect to this Item.

ITEM 10: OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Neither Double Eagle Partners, nor any member of its management is registered as a securities broker-dealer, or a futures commission merchant, commodity pool operator or commodity trading advisor.

The Firm does not have any affiliation with any related person who is a broker-dealer, investment company, other investment advisor, financial planning firm, commodity pool operator, commodity trading adviser or futures commission merchant, banking or thrift institution, accounting firm, law firm, insurance company or agency, pension consultant, real estate broker or dealer.

James Claire is the Managing Member/General Partner of Seekr Partners, LLLP, a limited partnership set up to facilitate a pooled investment by the LPs into a private equity investment.

Double Eagle Partners does not receive compensation directly or indirectly from other advisers that creates a material conflict of interest, nor does it have other business relationships with advisers that would create a material conflict of interest.

ITEM 11: CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

A. Code of Ethics Summary

The principals and staff of Double Eagle Partners have adopted a Code of Ethics for the purpose of instructing its personnel in their ethical obligations and to provide rules for their personal securities transactions. The Firm owes a duty of loyalty, fairness and good faith towards its clients, and the obligation to adhere not only to the specific provisions of the Code but to the general principles that guide the Code. The Code of Ethics covers a range of topics that may include general ethical principles, receipt and giving of gifts, reporting personal securities trading, exceptions to reporting securities trading, reportable securities, initial public offerings and private placements, reporting ethical violations, distribution of the Code of Ethics, review and enforcement processes, amendments to Form ADV and supervisory procedures. We will provide a copy of the Code of Ethics to any client or prospective client upon request.

B. Participation or Interest in Client Transactions and Personal Trading

It is Double Eagle Partners' policy not to enter into any principal transactions or agency cross transactions on behalf of client accounts. Principal transactions occur where an adviser, acting as principal for its own account, buys securities from or sells securities to an advisory client. Agency cross transactions occur where a person acts as an investment adviser in relation to a transaction in which the adviser, or an affiliate of the adviser, acts as broker for both the advisory client and for another person on the other side of the transaction.

Neither Double Eagle Partners nor any of its employees act as general partner in a partnership in which clients are solicited to invest or as an investment adviser to a mutual fund or other investment company that is recommended to clients. Based upon a client's stated objectives, Double Eagle Partners may, under certain circumstances, recommend the purchase or sale of

securities in which the Firm or its affiliates have an interest. Such recommendations will only be made to the extent that they are reasonably believed to be in the best interests of the client. Additionally, as part of Double Eagle Partners' fiduciary duty to clients, the Firm and its associated persons will endeavor at all times to put the interests of the clients first, and at all times are required to adhere to the Firm's Code of Ethics.

The Firm's principals and staff may have positions in securities that we also recommend to clients. Double Eagle Partners' recommendations to clients may differ from client to client, based on each client's unique circumstances. The Firm may also recommend purchase of a security for one client while recommending the sale of that security for another. However, as a fiduciary Double Eagle Partners aims to act for the benefit of clients and place clients' interests before its own. Client transactions have priority over transactions in securities and other investments of which our principals and staff may own. Principals and staff may participate with clients in block trades. Principals and staff must adhere to the Firm's Personal Trading Policy at all times.

To help mitigate any real or potential conflicts of interest associated with these practices, the Chief Compliance Officer of Double Eagle Partners reviews employee trades involving reportable securities each quarter and holding reports annually. The personal trading reviews help ensure that the personal trading of employees does not affect the markets, and that clients of the Firm receive preferential treatment. Since most employee trades are small mutual fund trades or exchange-traded fund trades, the transactions generally do not affect the securities markets. It should be noted, that under the Firm's Code of Ethics employees of the Firm are not required to report transactions involving open-ended mutual funds to the Firm's Chief Compliance Officer and some employees may hold outside brokerage accounts consisting of non-reportable securities, which consequently are not subject to the Chief Compliance Officer's quarterly transactions review.

Timing of Trade Orders

All trades, for clients, staff and principals must be submitted through the central trading process, in which all orders are submitted together and executed at the market price. This mitigates the potential for favoritism or abuse.

ITEM 12: BROKERAGE PRACTICES

A. Selection Criteria

The Firm's Oversight Committee is responsible for identifying and approving broker-dealers to use in executing trades for client accounts. The committee considers various factors in selecting a broker, including:

- Financial Condition.
- Acceptable record keeping.
- Ability to obtain best price.
- Knowledge of market, securities and industries;

- Commission structure;
- Reputation and integrity.
- Client's preference

The Managing Partner is responsible for periodically conducting a formal review of the Firm's custodial relationships.

B. Research and Other Soft Dollar Benefits

The Firm does not have any arrangements to receive soft dollar benefits in connection with client securities transactions.

As a fiduciary, we endeavor to act in our clients' best interests at all times. Our recommendation that clients maintain their assets in accounts at Schwab is based solely on the nature, cost or quality of custody and brokerage services provided by Schwab regardless of any other products or services which may be provided to the Firm. We are aware, however, that the availability of some of the foregoing products and services may create a potential conflict of interest.

C. Brokerage for Client Referrals

Double Eagle Partners does not have any arrangements to receive client referrals from any broker-dealer or third party. Additionally, and as explained more fully in Item 14 below, Double Eagle Partners does not give or receive economic benefits for referring or referred clients.

D. Directed Brokerage

The Firm does not require clients to execute transactions through a specified broker-dealer. However, we generally recommend that investment management accounts be maintained at Charles Schwab & Co., Inc. Clients should be aware that, in the event a client directs the brokerage to be used for transactions, the Firm may be limited in our ability to negotiate commissions, obtain volume discounts, or best execution in some transactions. Clients may pay higher transaction costs as a result of a broker-directed account by a client.

E. Aggregation of Orders

Double Eagle Partners may aggregate ("block trade") sale and purchase orders with other client accounts that have similar orders being made at the same time under the management of the Firm, if in the Firm's judgment aggregation is reasonably likely to result in an overall economic benefit to the client. Such benefits may include better transaction prices and lower trade execution costs. If all aggregate orders do not fill at the same price, Double Eagle Partners may cause the client and each similar order to pay or receive the average prices at which the orders were filled. If such orders cannot be fully executed under prevailing market conditions, Double Eagle Partners may allocate the securities traded among clients and each similar order in a manner which it considers equitable, taking into account, the size of the order placed, the client's cash position, investment objective of the account, size of the order and liquidity of the security.

ITEM 13: REVIEW OF ACCOUNTS

A. Review of Accounts and Reviewers

The Firm's managed accounts are reviewed on an other-than-periodic basis, with regard to the overall asset allocation of the portfolio and in light of the client's Investment Policy Statement. The Review triggers for our reviews are explained below.

Reviews are conducted by Double Eagle Partners' professional staff, all of whom are Supervised Persons.

B. Review Triggers

The Firm's managed accounts are reviewed with regard to the overall asset allocation of the portfolio and in light of the client's Investment Policy Statement. Triggers for investment reviews include but are not limited to:

- Deposits or withdrawals
- Changes in the Firm's investments as determined by the investment committee
- Changes in the client's situation or in the client's objectives
- Re-balancing of accounts.

C. Regular Reports

Double Eagle Partners typically sends written quarterly reports to all Investment Management Services clients. The reports include Investment Portfolio Holdings Summaries and Performance Reports. For accounts, assets or other investments that a client does not want to be actively managed by the Firm, Double Eagle Partners will not generally provide performance reports for these "Unmanaged" accounts, assets or other investments. Additionally, the Firm may not provide holding summaries for all client accounts. Clients are urged to carefully compare statements sent by the Firm with statements sent by other third parties, such as those sent by the client's custodian.

ITEM 14: CLIENT REFERRALS AND OTHER COMPENSATION

In general, it is our policy that we do not pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us.

ITEM 15: CUSTODY

Our policy is to not have custody of client assets and will only maintain discretionary trading authority under a limited power of attorney.

To mitigate any potential conflicts of interests, all client assets are maintained with an

independent qualified custodian. Furthermore, clients will receive statements on at least a quarterly basis directly from the qualified custodian that holds and maintains their assets. Clients are urged to carefully review all custodial statements and compare them to the monthly statements provided by Double Eagle Partners. Double Eagle Partners' statements may vary slightly from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

We do not accept "Standing (SLOA)" authorization from clients to disburse funds to third parties unless the SLOA meets all the conditions in SEC No-Action Letter 2/21/17), specifically that the SLOA does not allow Double Eagle Partners to designate or change the identity, address or any other information about the third party.

ITEM 16: INVESTMENT DISCRETION

A. Discretionary Authority; Limitations

Unless otherwise agreed upon at the inception of the client relationship and memorialized in writing, most Investment Management Services rendered by Double Eagle Partners are done on a discretionary basis. In exercising its discretionary authority, Double Eagle Partners has the ability to determine the type and amount of securities to be transacted and whether a client's purchase or sale should be combined with those of other clients and traded as a "block." Such discretion is to be exercised in a manner consistent with each client's stated investment objectives, risk tolerance, and time horizon, as outlined in the client's Investment Policy Statement. In addition, Double Eagle Partners' authority to trade securities may be limited in certain circumstances by applicable legal and regulatory requirements. Clients are permitted to impose reasonable limitations on Double Eagle Partners' discretionary authority, including restrictions on investing in certain securities or types of securities. All such limitations, restrictions, and investment guidelines must be communicated to Double Eagle Partners in writing.

Limited Power of Attorney

By signing Double Eagle Partners' Client Agreement, clients authorize Double Eagle Partners to exercise discretionary authority with respect to all Investment Management Service transactions involving the client's account (excluding any assets or accounts that are designated as "Unmanaged" per client direction). Pursuant to such agreement, Double Eagle Partners is designated as the client's attorney-in-fact with discretionary authority to effect investment transactions in the client's account. This limited power of attorney authorizes the Firm to give instructions to third parties for servicing client's account. Clients should note that for all "Unmanaged" accounts or assets, the Firm will not exercise discretionary authority and, importantly, will not take responsibility for the suitability of these investments as they relate to the client's investment objectives.

ITEM 17: VOTING CLIENT SECURITIES

Double Eagle Partners acknowledges its fiduciary obligation to vote proxies on behalf of those clients that have delegated to it, or for which it is deemed to have, proxy voting authority. Double Eagle Partners will vote proxies on behalf of a client solely in the best interest of the relevant client. Double Eagle Partners has established general guidelines for voting proxies. Double Eagle Partners may also abstain from voting if, based on factors such as expense or difficulty of exercise, it determines that a client's interests are better served by abstaining. Further, because proxy proposals and individual company facts and circumstances may vary, Double Eagle Partners may vote in a manner that is contrary to the general guidelines if it believes that it would be in a client's best interest to do so. If a proxy proposal presents a conflict of interest between Double Eagle Partners and a client, then Double Eagle Partners will disclose the conflict of interest to the client prior to the proxy vote and, if participating in the vote, will vote in accordance with the client's wishes.

Clients may obtain a complete copy of the proxy voting policies and procedures by contacting Double Eagle Partners in writing and requesting such information. Each client may also request, by contacting Double Eagle Partners in writing, information concerning the manner in which proxy votes have been cast with respect to portfolio securities held by the relevant client during the prior annual period. Clients can send written requests to the Chief Compliance Officer at Jim.Claire@DoubleEagle.Partners.

For ERISA clients requiring the Firm to vote proxies, we may agree to do so on a case-by-case basis, at our sole discretion. Double Eagle Partners' proxy voting policy requires that we vote proxies in the best interest of our clients. We reserve the right to charge an additional fee of \$2,000 per year or 0.25 percent per year of the account value, whichever is greater. We will record each proxy vote that we make and relay each to the client in a reasonable amount of time.

ITEM 18: FINANCIAL INFORMATION

Double Eagle Partners does not require or solicit prepayment of more than \$500 in fees per client, six months or more in advance and therefore is not required to provide, and has not provided, a balance sheet. Furthermore, Double Eagle Partners does not have any financial commitments that may impair its ability to meet contractual and/or fiduciary obligations to clients. Finally, the Firm has not been the subject of a bankruptcy proceeding.

ITEM 19: REQUIREMENTS FOR STATE REGISTERED ADVISERS

Double Eagle Partners currently has only one management person/executive officer: Francis J. Claire. Education, business background, and other business activities can be found on Mr. Claire's Form ADV Part 2B brochure supplement.

The Firm does not charge performance-based fees (*i.e.*, fees calculated based on a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client). Double Eagle Partners has not been subject to any legal or disciplinary

event, and thus has no information to disclose with respect to this Item. Neither the Firm, nor its management persons, has any relationship or arrangement with issuers of securities.
